Shoe Disinfectant Mat

SAN200 Disinfect,For Commercial/Professional Grade Disinfectants, EPA List N Disinfectants, Alcohol, Cleaners And Sanitizers,32" W x 24" L x 0.5" H

Wash and sanitize boots and shoes at building entrances to stop the spread of germs and dirt throughout your facility.

- Fill mat tray with your own disinfecting solution; immerse the soles of shoes in the mat to remove contaminants and germs that lead to the spread of viruses
- Contains rubber finger-like scrapers to remove dirt, mud, and debris from the soles of shoes; contains 50% more "fingers" than standard scraper mats to dislodge even more debris and keep your facility cleaner
- Place in doorways and entrances of offices, commercial buildings, manufacturing facilities, food production facilities, labs, retail stores or anywhere in your facility where there is a concern for the spread of dirt and viruses through foot traffic
- Holds over a half gallon of disinfectant; compatible with FDA approved List N disinfectants, chlorine and quaternary ammonium
- Use with a walk off runner to dry shoes and avoid accidental slips and trips
