XPOWER ULV Cold Disinfectant Fogger - Corded

SAN400 30+ ft Spray Distance,Max Flow Rate 250ml/Minute

Quickly disinfect an entire room with this powerful yet efficient cold fogger to speed up your surface cleaning protocols.

- Ultra-low volume (ULV) cold fogger provides maximum coverage while using minimal amounts of disinfectant
- Disperses your solution over large areas to help disinfect classrooms, meeting rooms, gyms, locker rooms, auditoriums, theaters and other spaces that are frequently used by multiple groups
- Powerful motor produces 30+ feet of reach; adjustable nozzle puts you in control of flowrate and droplet size
- Provides approximately 935 square feet of coverage depending on the type of disinfectant used and surface being cleaned
- 25-foot power cord makes it easy to position fogger where it’s needed
- Reservoir level window shows when it’s time to refill the tank
- Compatible with Pioneer Eclipse NOVA™ Germicidal Disinfectant (DIS100)
