

Pig Blue® Absorbent Mat Roll

BLU104 Lightweight, 30" x 150', 1 roll

Our best value mat roll catches common industrial liquids and delivers more absorbency at the lowest cost so you use less, leave then down longer, and save money.

- Absorb steady leaks and overspray in areas where changeouts are difficult with our wide lightweight absorbent rolls; they provide the best value, packing lots of absorbing power and staying down longer, so you use less on minor messes to create less waste
- Stays down longer because it can absorb so much! Pig Blue is perfect for steady leaks and drips and in areas where changeouts are difficult, like under machines or generators or in hard-to-reach areas
- Saves you time and money by soaking up large volumes and staying down longer; it won't fall apart, even when it's soaked and absorbs liquid quickly for faster, easier cleanups
- Perforations allow you to tear off small or large pieces
- Eco-friendly mat contains 90% recycled fibers
- Fire retardant for added safety; flame-tested in accordance with ASTM Standard E84-08
- Absorbs most common industrial liquids - oils, coolants, solvents, water and more
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents
