

## PIG® Oil-Only Spaghetti Boom

BOM404 3" x 20', Each absorbs up to 4 gal., 4 booms per bag

Specially designed to contain and absorb thick oils and other viscous liquids on water.

- Mesh skin and spaghetti strip filler design is ideal for pulling in thick oil or for use in fast-moving waters
- Tough outer mesh is UV resistant for long-term outdoor use without degradation; lets fluids easily pass through to filler material
- Rope running along length of boom withstands up to 400-lb. loads, adding strength for deployment and retrieval
- Boom floats at surface for easy retrieval, even when saturated
- Absorbs and retains oils and oil-based liquids - including lubricants, fuels and crude oil - without absorbing a drop of water
- Strong, zinc-plated carbon steel attachment clips and rings allow you to link booms together
- Bright white color makes boom easier to see in outdoor environments and clearly shows saturation level
- Can be incinerated after use to reduce waste or for fuels blending
