

## PIG® Dark Oil-Only Absorbent Boom

BOM411 3" x 20', Each absorbs up to 4 gal., 4 booms per bag

Blends in with surroundings as it confines and absorbs oil and fuel spills on water.

- Absorbs and retains oils and oil-based liquids - including lubricants and fuels - without taking in a drop of water
- Booms float at surface for easy retrieval, even when saturated
- Dark color makes booms less noticeable when deployed on water
- Spunbond polypropylene skin is UV resistant up to 4 months
- Tough outer mesh lets fluids easily pass through to filler material
- Rope running along length of boom withstands up to 400-lb. loads, adding strength for deployment and retrieval
- Strong, zinc-plated carbon steel attachment clips and rings allow you to link booms together for greater length
- Can be incinerated after use to reduce waste or for fuels blending
