

Justrite™ Countertop Polyethylene Corrosives Cabinet

CAB411 Manual-Close Door Style, Holds 2 gal., 14.25" x 16.25" x 19.5"

This corrosive storage cabinet fits perfectly on countertops or workbenches to keep chemicals within easy reach.

- Countertop cabinet is made of one piece of molded polyethylene so it won't leak or burst
- Provides exceptional chemical resistance to harsh acids and corrosives
- Interior polyethylene tray catches leaks and drips; one extra tray is included
- Door can be hinged from either side and can accept a padlock (not included)
- Comes with three labels - acid, base, corrosive
- to help you safely store, identify and segregate chemicals
- Leveling feet provide stability
