

Type I Poly Safety Can

CAN125 5 gal., Red

Light-weight poly cans won't rust, crack or dent - an excellent choice for storing flammables in corrosive or marine environments.

- 100% leak-tested and fully FM compliant construction
- High-density poly resists dents, punctures and chemicals
- Stainless steel fittings are ideal for corrosive chemicals
- Current-carrying carbon insert prevents arc and provides proper bonding
- Rounded handle swings while you carry heavy loads
- Spring-loaded, self-closing lid is airtight to help control vapors and prevent accidental spills
- Positive pressure relief cap automatically vents to guard against rupture and explosion
- Double stainless steel mesh flame arrestor stops flashback ignition but still provides fast liquid flow
