

PIG® Battery Cleaner & Acid Neutralizer

CLN1000 Battery Acid

Neutralizes and cleans batteries and battery equipment. Neutralizer changes color to let you know when it's safe to finish the clean-up.

- pH color indicators show acidic corrosion and let you know when neutralization is complete for safer handling
- Foaming action gets into cracks and crevices; won't run off like a liquid cleaner
- Works great on flat or vertical surfaces; ideal for forklifts, fleet vehicles, heavy equipment, rollers, stands, underneath battery racks and concrete floors in battery rooms
- Environmentally safe formula is biodegradable, noncorrosive and odorless
- Safe to use on metal, plastic and rubber

Specifications

Brand	PIG
Fluid Absorbed/Neutralized	Battery Acid
Unit Weight	20 oz.
Sold as	12 containers per box
Weight	16 lbs.
# per Pallet	50
Composition	Water, Sodium Carbonate, Acusol, pH Dye
UNSPSC	76121903
Pigalog® Page Number	Page 126

Metric Equivalent

Weight	7.3 kg
