

PIG® Battery Cleaner & Acid Neutralizer

CLN1004 Neutralizing Capacity Up to 64 oz., 1 container

Safely clean up battery acid residue left from drips, leaks and spills by using this color-changing battery-acid neutralizer spray.

- Neutralize and clean up residue from drips, leaks and spills of battery acid
- pH-indicating formula changes color from beige to red when it comes into contact with battery acid; changes back to beige once battery acid is neutralized and safe to clean up
- Works great on flat surfaces
- Ideal for use on heavy equipment (e.g. forklifts and fleet vehicles), on rollers and stands, underneath battery racks, on concrete floors in battery rooms and more
- Prolongs the life of your batteries by helping to prevent corrosion
- Safe to use on metal, plastic and rubber
- Environmentally safe formula is biodegradable and odorless
- Comes ready to use in included spray bottle; no mixing required
