

S-200 OilGone® Remediation Liquid

CLN645 Remediator, 5 gal. Container, 1 each

Spray your spills with these enzymes to remediate hydrocarbons by enhancing naturally occurring microbes.

- Easy to use formula produces reliable results for cost-effective cleanup of fuel on paved and concrete surfaces, soil, water and grassed areas
- Special formula that enhances naturally occurring microbes that leave only carbon dioxide and water behind, so there are no harmful by-products left in the environment
- Adheres to the hydrocarbon contaminant and does not wash away
