

# PIG™ Microbial Oil Stain Remover and Chapin® Battery Operated Walk Behind Sprayer

CLN930 Remediator,(2) 2.5 gal. Container,1 each

Break down and eliminate oil and fuel stains with our stormwater-safe solution. Environmentally friendly formula requires no containment or cleanup!

- Gradually remove oil and fuel stains from pavement and concrete to eliminate rain runoff and sheen emissions
- BioBreaker™ microbes digest hydrocarbons through bioremediation, naturally converting them into water and harmless gases
- Stormwater-safe solution can enter storm drains without harming the environment or risking a violation
- Easier than using cleaners and degreasers that cannot be allowed into waterways or groundwater systems — just check the SDS, Section 6, on competitor cleaners to see the warning!
- Applies easily using the included manual sprayer and light agitation or pressure washer; product is designed to work over time as a repeated application during maintenance walks
- Inspector-friendly best practice eliminates lasting record of stains and shows your commitment to compliance
- Concentrated formula dilutes to your coverage and works across multiple applications
- Great for use anywhere oils and fuels hit the pavement: in parking lots and around docks, dumpsters, compactors, stockpiles and more
- Included battery powered Chapin push sprayer has a 12-gallon tank and 12-inch wheels that are ideal for high-volume or widespread cleaning and degreasing jobs
- The recommended dilution of 15:1 arms you with 75 gallons of cleaner for plenty of maintenance rounds, affordably. Treat over 2,000 stains with single-application coverage of 7,425 sq. ft., or 2,365 oil stains with a 2-ft. average diameter
