

PIG™ Microbial Oil Stain Remover and Absorbent

CLN938 Remediator, 10 lb. Container, 1 each

Absorb and remediate oil and fuel spills on solid surfaces with this environmentally friendly solution that combines bioremediation with a loose absorbent.

- Product comes in powder form; spread on oil and fuel spills to absorb them
- After absorption, add water to activate BioBreaker microbes that will "eat" the hydrocarbons using bioremediation; no harmful byproducts are left behind
- Leaves surfaces skid resistant, free from contamination, and safe to work and walk on
- Significantly reduces hydrocarbon odor
- Great for manufacturing floors, food processing areas, fueling areas, hydraulic line breaks, loading docks, oil storage areas, machine shops and much more

Specifications
