

PIG™ Oil Remediator for Soil, Grass and Water

CLN953 Remediator, 32 oz. Spray Bottle, 1 each

Break down and eliminate oil and fuel spills on soil, grass and water with our stormwater-safe solution. Environmentally friendly formula requires no containment or cleanup!

- Clean oil and fuel spills on soil, grass and water to eliminate rain runoff
- Enzymes in the liquid act as "food" for microbes that occur naturally in the environment; microbes digest hydrocarbons through bioremediation which turns them into water and harmless gases
- Stormwater-safe solution can enter storm drains without harming the environment
- Easier than using cleaners and degreasers that cannot be allowed into waterways or groundwater systems — just check the SDS, Section 6, on competitor cleaners to see the warning!
- Simply spray product onto spills; no dilution necessary (multiple applications may be required for heavily contaminated areas)
- Please note that the depicted color may vary

Specifications

Style	Remediator
Brand	PIG
Intended Use	Asphalt and Concrete Surfaces, Soil, Grassed Areas and Water
Temperature Limit	Works from 32°F (0°C) to 132°F (55°C)
Treats	1 lb. Treats 1 lb. of Hydrocarbon
Volume	32 oz. Spray Bottle
Color	White
VOC Content	VOC-Free
Sold as	1 each
Weight	2.5 lbs.
Composition	Proprietary Ingredients
Shelf Life	10 years

Metric Equivalent

Weight

1.1 kg
