

PIG® Microbial Oil Remediator for Bilges

CLN961 Remediator, 16 oz. Bottle, 1 each

Our environmentally friendly solution deodorizes and neutralizes polluting hydrocarbons found in bilge tanks.

- Designed for recreational and commercial small watercraft boats and vessels to keep them clean and odor-free
- BioBreaker microbes digest hydrocarbons through bioremediation, naturally converting them into water and harmless gases
- Won't harm the aquatic environment or your health
- Easier than using cleaners and degreasers that cannot be allowed into waterways - just check SDS, Section 6, on competitor cleaners to see the warning!
- Product is designed to work over time as a repeated application
- Please note that the depicted color may vary
