

PIG® Drum Ring Spider

DRM1044 For 55 gal. Drums, 17" x 23"

Spider grabs and squeezes lid rings to make installation quick and easy.

- To use, just drop adjustable four-legged "spider" over lid and ring, then crank legs tight to hold lid closed for nut-and-bolt securing
- Coarse thread on closure mechanism tightens quickly to apply adequate pressure with limited cranking
- Ideal for use on a 55-gallon open-head drum, especially if reconditioning has made lid rings hard to install
- Powder-coated steel resists chipping, rust and corrosion

Specifications
