

Rebottled 330 Gallon Caged Poly IBC Tote

DRM1161 Composite Pallet, 40" W x 48" L x 54" H, UN31HA1/Y

With this Rebottled IBC tote, you can achieve maximum volume while minimizing space usage, all while staying economical.

- Rebottled with a brand new bottle; reused steel cage and composite plastic-and-steel pallet
- Extrusion blow-molded HDPE tank is chemical resistant and specially shaped to completely discharge contents
- Galvanized square-tube steel frame provides a strong, rust-resistant protective barrier
- Composite pallet is stronger than wood and lighter than solid steel; plastic corners resist breaking
- 4-way forklift entries on pallet let you stack units up to four high to save space
- Capacity to handle bulk storage needs
- Made from FDA-compliant resins for containment of food and cosmetic products (must be cleaned prior to use)
- Valve type may vary

Specifications
