

PIG® 5-Gallon Latching Bucket Lid with Fast-Latch Ring

DRM1200 For 5 gal. Poly or Steel Buckets, Fast Latch

Use our locking latching lid with fast-latch ring on your steel or poly 5-gallon pails -- it's the first to fit them both! Only from New Pig.

- Use this versatile lid on a steel pail one week and a poly pail the next - our PIG-exclusive design fits both!
- Reinforced hinge, latching mechanism and EVA gasket provide a tight seal to help keep pail contents pure; also help reduce vapor emissions
- Single latching hasp easily opens and closes; padlockable to increase security
- Powder-coated steel construction is built to stand up to harsh treatment
- Fast-latch ring makes installation easy on steel or poly open-head 5-gallon pails with a 11.25" inside diameter; no clumsy nut-and-bolt ring
- Lid stop on hinge keeps lid upright when open
