

## Right-Seal™ Tamper-Evident Capseal

DRM1342 For Poly Drums w/ 2" Bungs, 10 each

Protect the materials in your poly drums against tampering with a one-time use cap seal.

- Tamper evident drum cap seal attaches over the 2" bung on most tight-head poly drums
- Tear tab design makes it obvious if seal has been removed
- Easy to install using a rubber mallet
- Capseal can only be removed with pliers; once tabs have been peeled back, seal must be replaced
