

PIG® HID Lamp Recycling Program

DRM1401 Holds up to 20 Bulbs, Mail-back Bulb Container, 11" x 15" x 11"

Safely disposing of and recycling spent High Intensity Discharge (HID) light bulbs is hassle-free with our cradle-to-grave program — and only PIG passes the ISTA 3A Shipping Test!

- Easy-to-use mail-back program safely recycles up to 20 spent HID lamps
- Includes everything you need — collection and shipping containers, prepaid UPS shipping label to our recycling partner, specially reinforced packing tape and access to your recycling certificate upon completion
- Packaging meets stringent requirements of the ISTA 3A Standard Shipping Performance Test to ensure no hazardous chemicals or broken glass can escape during shipping; no other recycling program meets these standards
- Tyvek and vapor-seal bonded bag with self-adhesive seal contains bulbs, tubes and haz waste if breakage occurs during shipping
- Collection box holds the bag, featuring multi-layer cardboard and reinforced shipping tape
- Outer shipping box, also multi-layered cardboard, contains the sealed inner box and provides strength during shipment to the recycling center
- Program includes a downloadable Certificate of Destruction to prove your compliance with Hazardous Waste Regulations during EPA audits
- Performance-tested system helps protect all key stakeholders within the supply chain (generator, transporter and recycling company)
- Helps you manage waste streams, reduce waste costs and avoid costly fines associated with throwing out bulbs in regular trash
- Minimizes the risk of breakage or leakage of mercury powder and other hazardous chemicals that can occur in mail-back programs utilizing cheap polyethylene containment bags
