

Snap-Over HDPE Bucket Insert

DRM251 For 5 gal. Plastic or Steel Buckets, 15 mil, 100 each

Save cleaning time and avoid the liability of disposal residues with these FDA Compliant pail liners.

- Spend less time and effort cleaning your pails; just lift out a liner and replace it
- Thin, contoured lip snaps over pail rim to reduce chance of leaks; still allows a tight seal with lid
- Made from FDA Compliant resins for containment of food and cosmetic products
- Contoured design won't leave folds or pockets that can trap liquids
- Helps eliminate container residues that could make you liable for future contamination
- Ideal for storing paints, inks, coatings and other hard-to-clean materials
- Seamless, HDPE construction adds chemical resistance over standard liners and eliminates the chance of seam leaks

Specifications
