

Clean-Pak™ Duffel Top Bulk Bag

DRM3010 For Solid Waste, Max 2,500 lbs. (UN Packaging Group I) or 3,000 lbs. (UN Packaging Group II and III), Storage Capacity 1 cu. yd.

Collect hazardous waste and used absorbents in this flexible, UN Rated composite bulk bag for easy shipping and disposal. Space-saving, collapsible design provides disposable containment.

- Clean-Pak UN Approved FIBC shipping container is ideal for collecting saturated absorbent mats, bulky booms, used rags, contaminated soil, sediment and other hazardous materials (intended for solids only)
- Duffel-top helps prevent spill-out
- High-capacity straps are rated at 3,000 lbs. for secure lifting using a hoist or forklift with proper attachment
- Triple-wall corrugated sleeve maintains rigidity to keep bag open during loading
- Rugged polypropylene outer layer resists oil
- LLDPE liner helps protect against punctures and leaks
- Collapses and folds for easy carrying and compact storage

Specifications
