

PIG® Waste Compactor

DRM655 For Flammable Liquids, Air Powered, Spark Resistant

Crush disposal costs by compacting up to 6 drums of waste into one.

- Crushes waste with 12,000 lb. of force
- Ideal for minimizing waste such as absorbents, rags, plastic, paper and cardboard
- Durable 5" channel profile frame prevents flexing and failure over time
- Tilt-back frame makes loading easy
- No need to move or slide heavy drum for access
- Foot pedal allows for easy, safe operation
- Reinforced base plate keeps drum from bowing under pressure
- View port lets you see inside working compactor without opening lid
- Safety interlock shuts off compactor if safety cover is opened during operation
- Not recommended for wood, metal or other hard materials
- Spark-resistant aluminum construction is ideal for flammables
- Air-driven hydraulic design uses 80-120 PSI @ 10 SCFM
- Filter removes water from airline; pre-installed regulator, lubricator and airline filter extend life of hydraulic pump

Specifications

Special Feature	Spark Resistant
Color	Black/Silver
Dimensions	31.5" W x 38" L x 67.13" H
Brand	PIG
Compatible With	Flammable Liquids
Crushing Force	12,000 lbs. Crushing Force
Powered By	Air
Use With Flammables	Yes
Sold as	1 each
Weight	467 lbs.

# per Pallet	1
Composition	Frame - Structural C-Channel & Aluminum Ram, Base, Retaining Pin, Ram Guard, Surround Shield - Aluminum
Power Requirements	80-120 PSI
UNSPSC	23151602
Pigalog® Page Number	Page 275

Metric Equivalent

Dimensions	80cm W x 96.5cm L x 170.5cm H
Weight	211.8 kg
