

Overfill Preventer for PIG® Burpless® Steel Drum Funnel

DRM919 For Burpless Steel Drum Funnel, 1 each

Add this handy extra to your steel PIG Burpless Funnel to avoid overfill mess and danger.

- Two-piece adapter acts as a shutoff valve, automatically closing off a 55-gallon drum at 53.5 gallons full
- When liquid in the drum reaches the preventer, the funnel stops draining and starts to fill, signaling you to stop pouring
- To drain funnel contents into the space still in the drum, simply twist it and the preventer counterclockwise
- Corrosion-resistant brass construction can be used with nearly any liquid

Specifications
