

Stinger DS® LED Rechargeable Flashlight

ELS201 LED, 350 Lumens

Top-of-the-line quality and performance make this versatile, rechargeable LED light perfect for use in the most demanding environments.

- Versatile light lets you select high, medium, low or emergency strobe settings
- Dual rubber push-buttons for easy operation, even when wearing gloves
- High-capacity NiCad battery can be recharged up to 1,000 times before it needs to be replaced
- LED with C4 technology offers ultra-bright illumination of up to 350 lumens with a 50,000-hour lifespan
- Focused beam is perfect for distance or close-up viewing; parabolic reflector optimizes range and peripheral lighting
- LEDs run cooler, last longer, use less energy and emit whiter light than incandescent bulbs
- Provides as much as 7.25 hours of runtime on a single charge
- Anodized aluminum construction with sealed O-rings and polycarbonate lens resists corrosion, abrasion, impact and water
- Ridged rubber grip for better handling
