

FloodBoss™ Water Absorbent Mat

FLD004 Our Best Mat for Water, 15" x 19", 20 pads per box

Worried about water in your basement? Be prepared to sop up pools and puddles with these thirsty mat pads. Way better than mops, rags and towels!

- Throw these mats onto any water problem and watch them go to work; quickly eliminate standing water from heavy rains, plumbing issues or drain backups
- Each Mat absorbs and retains nearly one quart of water; won't leak back out like mops, rags and towels
- Keep on hand for fast response when water comes in through windows, porous footers, cracked foundations, sump pits, backed up floor drains and more
- Durable top layer holds mat together even when it's soaked, so it won't fall apart when you pick it up
- Once mat is saturated, just wring it out and it's ready for more (designed for same-day reuse only)
- FloodBoss helps protect your home, including all those irreplaceable keepsakes in your basement, from water damage; take control and *make last time the last time™*
