

PIG® Anti-Fatigue Welding Mat

FLM1026 Dry Applications, Top Coat:
Rubber/Cushion: Foam, 2' x 3', 3' x 5', 3' x 12'

Standing and welding for long hours? Keep your legs as steady as your hand with this cushioned, spark-resistant mat. No more constantly shifting your stance to stop the aches!

- Weld in comfort, without sacrificing safety, on this soft-foam cushioned welding mat designed with flame-resistance to withstand sparks and hot metal up to 650 degrees Fahrenheit
- Shift less with fewer foot-, leg- and backaches, but trust the slip-resistant, textured rubber surface to provide plenty of traction when you do need to adjust your stance
- Rely on this welding mat to cut fire-safety risks anywhere there are sparks, from machine shops and steel mills to assembly lines, maintenance departments and more
- Enjoy the best of both worlds, thanks to New Pig's trusted high-quality materials that blend supportive, anti-fatigue performance with heavy-duty durability
