

HeatTrak® Industrial Snow Melting Walkway Mat

FLM678 120V,4' W x 10' L,1 each

Tired of shoveling snow? Effortlessly maintain your facility's outdoor walkways all winter with this electrically heated mat that helps melt snow and ice before it builds up.

- Melts up to 2 in. of snow per hour, depending on conditions
- Electrically operated heating element between two protective, flame-retardant surfaces
- Designed for commercial facilities or areas with heavy foot traffic
- Built-in grommet holes for securing to the ground
- Lay mat onto dry walkway area prior to first snow and ice of winter season; mats are then safe to leave outside throughout entire winter season
- Note: each section of walkway requires its own cord
