

## PIG® TuffGrit™ Comfort Anti-Fatigue Mat

FLM8503 Dry Applications, Cushion: PVC Foam/Top Coat-Aluminum Oxide and Proprietary Sealant, 2' W x 3' L

Durable TuffGrit™ surface on this comfortable anti-fatigue mat provides long-lasting traction in slippery environments.

- Proprietary TuffGrit™ coating is incredibly durable and abrasion resistant; no other grit coating on the market lasts longer
- Exceeds ANSI standards for high slip resistance, providing extreme traction even in wet areas or applications with light overspray or oily drips (not for use in standing water/oil)
- Engineered to leave no grit behind; safer than other mats that gradually lose their grit -- and their effectiveness -- over time
- 3/8"-thick PVC foam relieves stress on knees, feet, ankles and back from extended standing
- Blend of comfort and traction is ideal for finishing stations, assembly lines and other light work areas
- Rounded edges create a safe transition on and off mat
