

# 1" Tread Forming Tape

FLM861 For PIG Non-Slip Epoxy Tread, 1" x 52'

Use this tread tape to guide application of epoxy when installing PIG Non-Slip Epoxy Tread for a straight, thick line.

- Tape provides an easy way to apply a clean, 1" width strip of epoxy - just put into place and remove middle tabs before dispensing
- Non-stretching, one-sided, temporary foam tape with release liner forms perfect lines every time
- .03" thick to ensure adequate tread thickness when epoxy is spread to the level of the tape
- Helps ensure epoxy tread is installed correctly on stairs, ramps, ladders and walkways
- Use in conjunction with PIG Non-Slip Epoxy Cartridge, Epoxy Gun and Mixing Nozzle to add traction, visibility and safety on stairs and ramps to help prevent slips and falls (all items sold separately)

## Specifications

Use With	PIG Non-Slip Epoxy Tread
Dimensions	1" W x 52' L
Sold as	1 roll
Weight	.24 lbs.
# per Pallet	1000
Composition	Cellulose
Color	Beige
UNSPSC	23153020
Pigalog® Page Number	<a href="#">Page 229</a>

## Metric Equivalent

Dimensions	2.5cm W x 16m L
Weight	109 g
