

PIG® Heavy-Duty Reusable Floor Protection Covering

FLM9006 31" W x 100' L, Hard Floor Surfaces/Indoors, Reusable

Protect hardwood floors and other surfaces sensitive to adhesive with our Reusable Covering. Provides more protection than kraft paper rolls during light construction, painting and maintenance.

- Roll it out before you work, then roll it back up when the project is finished; covering can be reused multiple times
- Heavy-duty construction is extremely wear-resistant and stands up to heavy foot traffic
- Highly absorbent material soaks up spills and splashes to keep floors dry and safe
- Liquidproof layer on bottom of covering helps prevent shifting; stops absorbed liquids from reaching floor
- Cover any length of floor or an entire room
- Ideal for use on hardwood floors and other surfaces that could be damaged by self-adhesive coverings; great for light construction, renovations, moving, painting, events, packaging and other maintenance jobs

Specifications
