

PIG® Adjustable Frame Storm Drain Filter

FLT007 For Oil; Sediment; Trash; Debris, For Storm Drains 24" to 37" W & 35" to 49" L, Stainless Steel Adjustable Frame

Finally, a drain insert that won't fall into your catch basin! Innovative design guards your drains with improved filtering of oil, sediment and debris from stormwater runoff.

- Stainless steel adjustable frame adds strength and secures filter in place, so you'll never have to fish out a failed insert again
- Holds up to 60 lbs. of oil, sediment, debris and trash; stays in place even when grate is not installed
- Frame easily adjusts by hand to perfectly fit your square or rectangular drains from 24" to 37" W x 35" to 49" L
- Installation, maintenance and removal are now easy, one-person jobs to reduce your labor costs
- Four-stage filtration: PET construction removes contaminants from stormwater at multiple stages, increasing the amount of pollutants captured
- Stormwater flows through drain grate onto fabric shelf (Stage 1), passes over filter ring (Stage 2) into collection bag (Stage 3) and over four sets of filter strips (Stage 4)
- Patented filter ring channels water to center of collection bag to prevent untreated water from escaping through overflow ports
- Filter strips float freely like tentacles to remove hydrocarbons as water moves through collection bag
- Overflow ports help prevent blockage during high water flow
- Heavy-duty straps on all four sides allow easy handling and are visible even with grate in place
- Hi-viz straps help inspectors see from a distance that you're proactively managing your stormwater, and serve as a visual reminder for on-site maintenance
- Grommet on bottom of collection bag gives you the option of attaching extra absorbents, filters or other water treatment accessories
- The pore size is 0.077 mm, 74 microns, 0.0029 inches or 200 sieve

Specifications

Max Flow Rate	750 gal./Minute
Special Feature	Stainless Steel Adjustable Frame
Style	Drain Insert
Use With	Storm Drains 24" to 37" W & 35" to 49" L
Color	Black
Dimensions	23" W x 34" L x 26" H
Absorbency	Up to 1.25 gal.
Brand	PIG
Drain Shape	Square; Rectangular
Substance Filtered	Oil; Sediment; Trash; Debris
Sold as	1 each
Weight	8.4 lbs.
New Pig Patent	10,508,430
# per Pallet	35
Composition	Filter - PET; Absorbent Strips - PET Frame - 304 Stainless Steel Handles - PET Edge Fabric - Urethane Coated Nylon
Application	Disposable
Opening Dimensions	12" Dia.
UNSPSC	47101514
UV Resistant	Yes
Pigalog® Page Number	<u>Page 178</u>

Metric Equivalent

Absorbency	Up to 4.7 L
Dimensions	58.4cm W x 86.4cm L x 66cm H
Weight	3.8 kg
