

Bartovation™ Water Detection Test Paper

GEN1014 1 each

Detect the presence of water in any solvent or on any surface with this roll of test papers.

- Determine if water is present in gasoline, in non-polar solvents or elsewhere using these water detection papers
- Color-coded to show instant results; on contact with water, the paper changes color from white to pink/lavender
- Ideal for a variety of industrial applications, including controlling the leak tightness of tubing, detecting condensed water, controlling solvents in chemical laboratories and more
- Roll dispenser features convenient locking mechanism to keep it in place and make tearing individual papers easier
- No additional chemicals or reagents needed to detect water
- Water vapor test papers made in the USA

Specifications

Dimensions	4" W x 1" L x 4" H
Brand	Bartovation
Spill Kit Accessory Type	Testing Supplies
Sold as	1 each
Weight	.1 lbs.
Composition	Cellulose
Shelf Life	730 days
UNSPSC	41116106
Pigalog® Page Number	Page 125

Metric Equivalent

Weight	45 g
Dimensions	10cm W x 2.5cm L x 10cm H
