

Hot Stuff Ice and Snow Melt

GEN931 Calcium Chloride Flakes,50 lbs.

Other deicers and snow melters are no match for Hot Stuff! It also has uses in the construction industry.

- Calcium chloride melts snow and ice quicker than rock salt, potassium chloride and other popular blends
- Generates heat on contact
- Small cornflake shape melts ice horizontally
- Works effectively in temperatures down to -25°F
- No powdery white residue to be tracked around
- Safer on grass, shrubs, plants and concrete when used as directed
- Can also be used in the construction industry for dust control and for accelerating the curing of concrete
