

# Ansell AlphaTec® 58-735 Nitrile Gloves

GLV1213 Level 3, 39 mil, 1 pair

Protects against cuts, lacerations and commonly used chemicals while delivering excellent dexterity and grip for wet or oily parts.

- INTERCEPT™ Cut Resistant Technology offers protection against snags, tears and lacerations; nitrile barrier protects against commonly used chemicals
- Ansell GRIP™ Technology provides excellent dexterity, control and comfort when handling wet or oily items
- High-visibility cut liner acts as indicator for when glove is cut so user is aware chemical protection is compromised
- Cuff can be folded to act as a gutter to prevent chemicals from running down arm
- FDA Compliant for handling food
- Ideal for automotive, chemical, food processing, metal fabrication and more
