

SHOWA 875R Butyl Gloves

GLV1214 14 mil, 14", 1 pair

Unlined butyl gloves provide excellent permeation resistance to gases, water vapors, alcohols and highly corrosive acids.

- Provides the highest permeation resistance to gases and water vapors of any protective material used to make gloves
- Superior protection for safe handling of toxic substances like ketones, esters and highly corrosive acids
- Excellent dexterity and rough grip finish for safer handling of wet parts
- Rolled cuff offers drip protection for forearms
