

PIP Pigskin Leather Drivers Gloves

GLV410 Pigskin, Economy Top Grain Grade, 12 pair per package

Breathable pigskin stays flexible no matter how many times you get it wet! A great natural leather for warmer temps.

- Pigskin won't get stiff or brittle, even after getting wet; porous material lets heat and perspiration dissipate
- Economy top grain leather is smooth, rugged and flexible
- Gunn construction limits exposed seams to prolong glove life
- Slip-on cuff allows easy on/off
- Shirred elastic wrist provides a secure fit and helps keep out dirt and debris
- Great for foundry, masonry, lumber, machinery, forklifts, construction, packaging and more
