

SHOWA 377 IP Nitrile Coated Impact Protection Gloves

GLV841 Knit Cuff, 1 pair

Impact protection gloves are fully coated to keep hands dry, and a foam nitrile palm provides excellent grip in oily conditions.

- Flexible Thermo Plastic Rubber (TPR) shields on back of fingers and hand reduce shock and help protect against crushes and impact
- Full nitrile coating resists abrasion and liquid penetration to keep hands safe and dry
- Additional coating of foam nitrile on palms helps workers maintain a strong grip on oily parts and in wet, greasy conditions
- Flexible materials and ergonomic design promote dexterity and minimize fatigue
- Highly visible colors draw attention to hands to help avoid injuries on the job
- Reinforced knit cuffs help keep out contaminants and protect wrists
