

SHOWA NITRI-DEX® Nitrile Gloves

GLV970 9 mil, 12", 12 pair

Work safer in gloves with excellent resistance to hydrocarbons, solvents or other harsh liquids.

- Nitrile material stands up to long-term submersion in many harsh chemicals, including 30% hydrogen peroxide, ethylene glycol, gasoline and diesel fuel
- Reusable gloves won't swell, degrade or expose hands to potential irritation and injury
- Left- and right-hand molds are curved to match hand contours for minimized fatigue
- Embossed texture adds grip when handling wet or oily objects
- Unlined for greater economy and tactile sensitivity
- Extra-long cuff extends protection past wrist onto forearm
- Great for spill response, degreasing, solvent washing, painting, acid dipping, oil refining and more

Item#	Description	Dimensions	Weight
GLV970-M	Medium	12" L	1.33 lbs.
GLV970-L	Large	12" L	1.33 lbs.
