

## PIG® Social Distancing Seat Unavailable Sign & Marker - Bag of 10

GMM77001 Mark Seats, Chairs, Tabletops or Floors in Indoor Restaurants, Cafeterias, Offices & More, Stays in Place; Won't Damage Surfaces, Peel or Curl Up; Anti-Slip, Includes (10) 7" x 7" Peel & Stick Markers

Identify unavailable tables, chairs and seating areas to help reinforce social distancing requirements and stay in compliance with health guidelines. Adhesive-backed signs are easy to install, stay in place and won't leave a residue upon removal.

- Create a safe environment in conference and meeting rooms, break rooms, waiting rooms, restaurants, cafeterias, schools, offices and other seating areas by marking off tables and chairs that are not open for seating; helps facilities stay in compliance with social distancing guidelines
- Nonpermanent adhesive sticks to clean, dry tables, chairs or the surrounding floor with a super-tight grip, but peels up easily without leaving a residue or damaging the surface
- Unlike table tents or stickers, our adhesive-backed signs will stay in place without being bumped or moved out of place and can withstand cleaning products and foot traffic
- Easy to apply and remove; press firmly for best adherence to surface – repositioning the sign can impact adhesion
- Adhesive-backed sign can be cleaned in place daily using your regular tabletop cleaner, mop, vacuum or floor scrubber; low profile does not create issues for foot traffic, wheelchairs or walkers; ADA compliant
- Remove and replace when sign shows signs of wear, contamination, discoloring or begins to peel or lift from the surface; discard sign immediately if it becomes contaminated with food or beverage spills unless it can be cleaned thoroughly
- Durable, high-contrast image will not wear off the sign; image is easy to understand
- Recommended for indoor use only; not for use on natural wood surfaces or vertical applications
- [Buy in bulk and save! Also available in a 50-pack \(GMM77001C\)](#)
