

PIG® Toilet Mat with Adhesive Backing

GRP7003 18" x 15.5", 6 pads

Our adhesive-backed toilet mats absorb drips and splashes of water or urine to keep the floor around toilet bases dry and odor free.

- Toilet Mat fits around toilet base to provide maximum drip/splash coverage
- Permanently infused antimicrobial technology prevents the growth of odor-causing bacteria and mold on the mats to keep restrooms cleaner and fresher smelling
- Proprietary, full-coverage adhesive backing keeps mats in place underfoot with no shifting, curling or flipping up to stop slip and trip hazards; peels up easily
- Mats stick to your floor and won't budge while you clean them; simply mop them with the rest of the floor
- Durable, Hi-Trac™ Surface stands up to daily cleaning and restroom traffic
- EFM™ Absorbent Technology captures urine and water on contact, wicks them away and dries out quickly
- Impermeable backing layers stop liquid pass-through to prevent stains and grout damage
- Tested and certified by the National Floor Safety Institute (NFSI) as a high-traction surface which can reduce slip and fall claims by as much as 90% when used as part of a Floor Safety Program
- Release paper on the bottom of the mat should be removed prior to installation
- Mats take on the properties of absorbed liquids
- always take proper precautions when handling saturated absorbents
