

PIG® Restroom Mat Runner with Adhesive Backing

GRP7004 24" x 25', 1 roll

Adhesive-backed mat runner lets you create custom-sized restroom mats for urinals, sinks and other wet spots.

- Unique Mat Runner can be easily rolled out and cut to length for continuous floor coverage with no gaps or overlaps; 25-foot roll is ideal for up to 10 urinals, under rows of sinks or wherever custom sizes are needed
- Permanently infused antimicrobial technology prevents the growth of odor-causing bacteria and mold on the mats to keep restrooms cleaner and fresher smelling
- Proprietary, full-coverage adhesive backing keeps mats in place underfoot with no shifting, curling or flipping up to stop slip and trip hazards; peels up easily
- Mats stick to your floor and won't budge while you clean them; simply mop them with the rest of the floor
- Durable, Hi-Trac™ Surface stands up to daily cleaning and restroom traffic
- EFM™ Absorbent Technology captures urine and water on contact, wicks them away and dries out quickly
- Impermeable backing layers stop liquid pass-through to prevent stains and grout damage
- Tested and certified by the National Floor Safety Institute (NFSI) as a high-traction surface which can reduce slip and fall claims by as much as 90% when used as part of a Floor Safety Program
- Release paper on the bottom of the mat should be removed prior to installation
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents
