

## PIG® Plunger Mat with Adhesive Backing

GRP7005 9" x 9", 6 pads

Adhesive-backed mats keep the surfaces under plungers, brushes and soap dispensers neat and clean. Absorbent top soaks up water, urine and other liquids.

- Plunger Mats control drips and eliminate puddles under toilet plungers and brushes, soap dispensers and other small-footprint areas in your restroom
- Permanently infused antimicrobial technology prevents the growth of odor-causing bacteria and mold on the mats to keep restrooms cleaner and fresher smelling
- Proprietary, full-coverage adhesive backing keeps mats in place underfoot with no shifting, curling or flipping up to stop slip and trip hazards; peels up easily
- Mats stick to your floor and won't budge while you clean them; simply mop them with the rest of the floor
- Durable, Hi-Trac™ Surface stands up to daily cleaning and foot traffic
- EFM™ Absorbent Technology captures urine and water on contact, wicks them away and dries out quickly
- Impermeable backing layers stop liquid pass-through to prevent stains and grout damage
- Release paper on the bottom of the mat should be removed prior to installation
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents
