

PIG® Berber Carpet Adhesive-Backed Grippy® Floor Mat

GRP916X20 Indoor Use on Concrete, Vinyl, Linoleum, Tile and Laminate Flooring, 6' x 20', 1 roll

Keep floors safe and capture dirt and liquid at your door with our carpeted adhesive-backed runner; replace your rental rugs in entrances, walkways and lobbies with our stylish absorbent mat to prevent slips, trips and falls.

- 6' x 20' roll allows you to create the runner or mat shape you desire to stop moisture and dirt at the door; cuts easily without fraying or unraveling so you can create the size you need
- Our stylish PIG Berber Carpet Grippy Mats complement modern or upscale lobbies and vestibules, entryways, walkways and more
- Adhesive-backed floor mat stays exactly where you put it with no shifting, bunching up or ripples that cause slips and trips — no straightening, no hassles
- Dries out quickly without moisture soaking through to the floor; absorbs water, oil and grease and traps dirt, debris and sand to keep it from being tracked around
- Sticks to the floor with a super-tight grip, but peels up easily without leaving a residue or damaging floors
- Saves you money as a cost-effective replacement for risky and outdated traditional rubber-backed entrance mats and scraper mats that can cause slips and trips
- Commercial-grade durability allows you to keep mat in place for 3 to 6 months depending on your conditions; carpet fibers resist fading, staining and crushing
- Easy to clean: you can sweep, vacuum, mop or use your carpet extractor over Grippy Mat and it won't budge
- No rippled edges to obstruct doors or create tripping hazards; ADA compliant for wheelchairs and walkers
- Sticks to most commercial floor surfaces including concrete, vinyl, linoleum, ceramic tile, quarry tile and laminate flooring
- Tested and Certified by the National Floor Safety Institute (NFSI): high-traction surfaces such as PIG Berber Carpet Grippy Mat have been proven to reduce slip-and-fall claims by as much as 90%

- Mats take on the properties of absorbed liquids
- always take proper precautions when handling saturated absorbents
