

## **PIG® Grippy® Antimicrobial-Infused Adhesive-Backed Floor Mat**

GRPAM36201 High-Traction, Self-Sticking Food Prep & Kitchen Runner, Mediumweight, 3' x 50'

Prevent slips, trips and falls in kitchens, food prep areas and anywhere that mold and fungus growth is a concern with our adhesive-backed, antimicrobial-infused absorbent runner.

- 3' x 50' roll provides enough length to create continuous walk-off runners or create custom mats for food prep areas, kitchens or food processing lines
- Infused with antimicrobial technology to prevent the growth of odor-causing bacteria and mold on the mats
- Adhesive-backed floor mat stays exactly where you put it with no shifting, bunching up or ripples that cause slips and trips
- Dries out quickly without moisture soaking through to the floor; absorbs water, oil and grease and traps dirt, debris and sand to keep it from being tracked around
- Sticks to the floor with a super-tight grip, but peels up easily without leaving a residue or damaging floors
- Weighs less than rental and rubber-backed mats for less hassle, saves you up to 50% per year on rental contracts and has a lower environmental impact
- Stays in place for up to 3 to 6 months, depending on conditions and traffic patterns
- Easy to clean: you can sweep, vacuum, mop, use your shop/wet vac or run your floor scrubber over Grippy Mat and it won't budge
- No rippled edges to obstruct doors or create tripping hazards; ADA compliant for wheelchairs and walkers
- Sticks to most commercial floor surfaces including concrete, vinyl, linoleum, ceramic tile, quarry tile and laminate flooring
- Tested and Certified by the National Floor Safety Institute (NFSI): high-traction surfaces such as PIG Grippy Floor Mat have been proven to reduce slip-and-fall claims by as much as 90%
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents
