

## PIG® Surgical Absorbent Mat Pad

HC100 Heavyweight, 30" x 40", 20 pads (4 bags of 5 each)

Absorbs saline and blood quickly during high fluid surgeries for improved O.R. turnover and safer floors.

- Highly absorbent heavyweight mat pad absorbs and retains up to 3 liters per pad of saline, blood, vomit, urine and other fluids to keep floors dry and slip-free for healthcare staff; mat pads are ideal for scrub sinks or at the foot of O.R. tables
- More absorbent, more sanitary, faster and easier to use than towels, paper towels and other O.R. clean-up methods
- Disposable mats keep the surgical environment clean and hygienic; helps reduce cross-contamination
- Lies flat on both wet and dry floors eliminating risk for falls; special microfibers grip wet floors so mat doesn't slide around
- Mat pads can be placed on dry floors to catch liquids when they fall or placed on a wet floor to soak up liquids
- Waterproof and leakproof
- Mats won't rip, tear or fray when saturated; can withstand light foot traffic
- Easy-tear perforations let you create smaller or larger pads and use only what you need
- Ideal for fluid-intense surgeries in surgical centers, hospital operating rooms and veterinary clinics
- Mats take on the properties of absorbed liquids
  - always take proper precautions when handling saturated absorbents
