

PIG® Hydrofluoric Acid Neutralizing Spill Kit in Bucket

KIT601 Absorbs up to 2 gal., Absorbs Hydrofluoric Acid

Our special kit of neutralizers, absorbents and PPE lets you safely respond to hydrofluoric acid spills. Item reserved for critical response or backordered. Please call 1-855-493-4647 to check availability. Try 64CRSC!

- Lightweight polyethylene container includes PPE for protection from acidic materials
- Pour PIG Hydrofluoric Acid Neutralizer onto spills or spray into the air for vapor control
- To help minimize risk, liquid changes color on contact with acid and again when neutralization completes
- Specially-formulated liquid transforms dangerous hydrofluoric acid into inorganic salts and water
- Safer to use than caustic soda neutralizers, which can form a poisonous gas by-product
- Use PIG HazMat Pads for final cleanup of neutralized spills
- Contents are organized for quick, efficient response
- Temporary disposal bags with ties help make cleanup easier
- For info on custom kits, just call 1-800-HOT-HOGS (468-4647)
- Spill Kit dimensions are approximate
