

Group Lockout Kit

LCK222 Lockout Kit, Portable, 7" x 15" x 9.5"

Includes the most common lockout (LOTO) designs used to prevent machine activation.

- Light-weight carrying case with modular translucent compartments helps you keep components organized and easy to find
- Separate compartments let you group padlocks and hasps, valve lockouts and electrical lockout components
- Kits include components used most often
- Includes six Master Lock padlocks, each opened by its own key
- Key-retaining design ensures that no padlocks will be left open
- Includes permanent write-on labels for customizing messages on site
- This simple lockout/tagout solution will help your facility meet life-saving regulations

Master Lock.
