

PIG® Green Ham-O® Absorbent Mat Roll in Dispenser Box

MAT110 Mediumweight, 16" W x 200' L, 1 roll per box

Brings the fun to leak, drip and spill cleanup! Ham-O layer camouflages liquids and grime while it absorbs. Roll is perforated for tearing off just what you need and in a dispenser box for easy storing.

- Narrow mediumweight rolls are the perfect size for lining shelves and ledges along machines and ideal for most messes, absorbing everyday spills, leaks and overspray around machines or in large areas
- PIG-Printed Camouflage Mats are a fun way to absorb liquid and hide grime; Ham-O mats keep your workplace clean and your employees safe and happy
- Absorbed leaks and drips blend right in to hamouflage top layer so mat appears clean
- Walk all over it! Scuff-resistant hamouflage layer stands up to foot traffic in aisles and walkways; resists rips, tears and abrasions from tools when used as a liner
- Use anywhere – line workbenches, counters and toolboxes, clean up oil and grease in service pits and more!
- PIG Mat lasts 2x longer than competitive mats and won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanups and safer workplaces
- Easy-tear perforations let you tear off small or large pieces for less waste
- Absorbs most common industrial liquids - oils, coolants, solvents, water and more
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents
