

PIG® Industrial Absorbent Adhesive-Backed Grippy® Floor Mat

MAT1625 Absorbs Oils; Coolants; Solvents; Water; Universal, 16" W x 25' L, 1 roll

Stays put no matter what™! Sticks and stays down where other absorbent mats shift or slide around; perfect for workstations or around machinery in industrial facilities.

- PIG Industrial Absorbent Grippy Mat stays exactly where you put it with no shifting, bunching up or flipping over to prevent slips, trips and falls in workstations and around machinery
- Proprietary adhesive sticks to the floor with a super-tight grip, but peels up easily for quick changeouts; reduces cleanup time to make your facility more productive
- Sticks to most commercial floor surfaces including concrete, vinyl, linoleum, ceramic tile, quarry tile and laminate flooring
- Tough, spunbond top layer with heavy-duty zigzag stitching stands up to foot and light-wheeled traffic; keep mat in service until it's saturated or shows signs of wear
- Multiple layers of fine-fiber polypropylene safely absorb leaks, drips and overspray of oils, coolants, solvents and water
- Traps oil, grease and grime to keep them from being tracked around; ideal for oily areas near machines and equipment
- 16" width is great for lining workbenches, countertops and toolboxes
- Leakproof backing prevents absorbed liquid from soaking through to the floor
- Dark color hides grime so the mat looks cleaner longer
- Easy to cut and install: just roll it out, stick it down and smooth it out
- Tested and Certified by the National Floor Safety Institute (NFSI): when used as part of your floor safety program, high-traction surfaces such as PIG Industrial Absorbent Grippy Mat have been proven to reduce slip-and-fall claims by as much as 90%
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents
- See Resources & Downloads section for product use guidance
