

PIG® Extra-Duty Absorbent Mat Pad in Dispenser Box

MAT2002 Mediumweight, 16" W x 20" L, 100 pads per box

Low-lint mat resists abrasions and is tough enough for sharp or rough parts and edges. Dispenser box is easy to store in carts or shelves.

- Mediumweight mat pads resist fraying and are low-linting; ideal for wiping rough surfaces or parts, lining toolboxes and shelves or cleaning in paint booth applications
- Outer layers resist ripping and fraying from wiping rough surfaces or parts that would shred competitive mats
- Low-lint for wiping sharp parts or equipment and for cleaning in paint booth applications; also great for lining workbenches and shelves
- PIG Mat lasts 2x longer than competitive mats and won't rip, tear or fray even when saturated; liquids absorb quickly for faster, easier cleanups and safer workplaces
- Absorbs most common industrial liquids - oils, coolants, solvents, water and more
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents
